

Taylor's Lakes Secondary College

Parent Payment Policy

30 October 2022,

Dear Parents/Carers,

Taylor's Lakes Secondary College is committed in providing a smooth process for parents/carers as their child/ren transition to the next year level. We would like to advise you of the College's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfill the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our College can continue to offer the best possible education and support for our students. We want to thank you for all your continued support; this has made a huge difference to our school and the programs we can offer. With our school this support has allowed the College to deliver curriculum and support engagement by utilising various resources, equipment, and machinery which can be purchased and maintained using the funds received.

We recognise this time of the year may be challenging for some families. This year, to better assist all families, we have enhanced our parent payment request process to meet the different types of contributions made.

The Student Payment Request Items are outlined below. Schools can request contributions from parents/carers under three categories:

- **Curriculum Contributions:** for items and activities which the school deems necessary for students to learn the curriculum
- **Other Contributions:** for non-curriculum items and activities that relate to the school's functions and objectives
- **Extra- Curricular Items and Activities:** that enhance or broaden the schooling experience of students. These are provided on a user-pays basis.

For further information on the Department's Parent Payments Policy please see a one-page overview at the end of this document.

Thanking you in support,

Educational items for students to own

The list of items that the school recommends you purchase from *Campion Education (Aust) Pty Ltd* for your child to individually own and use can be obtained from the general office.

The books provided by the College's book seller contain high quality materials at a competitive price due to their ability to bulk order. Where practical or feasible parents/carers also have the option of purchasing equivalent materials from other sources. If parents/carers choose to provide equivalent materials, this should be done in consultation with the school, as items should meet the specifications provided by the school.
